All prices for scenery and technical are excluding VAT, Transport, and Onsite Labour. Alternative sizes and custom designs are also available on request, please contact your salesperson for further information.

Circular Desks

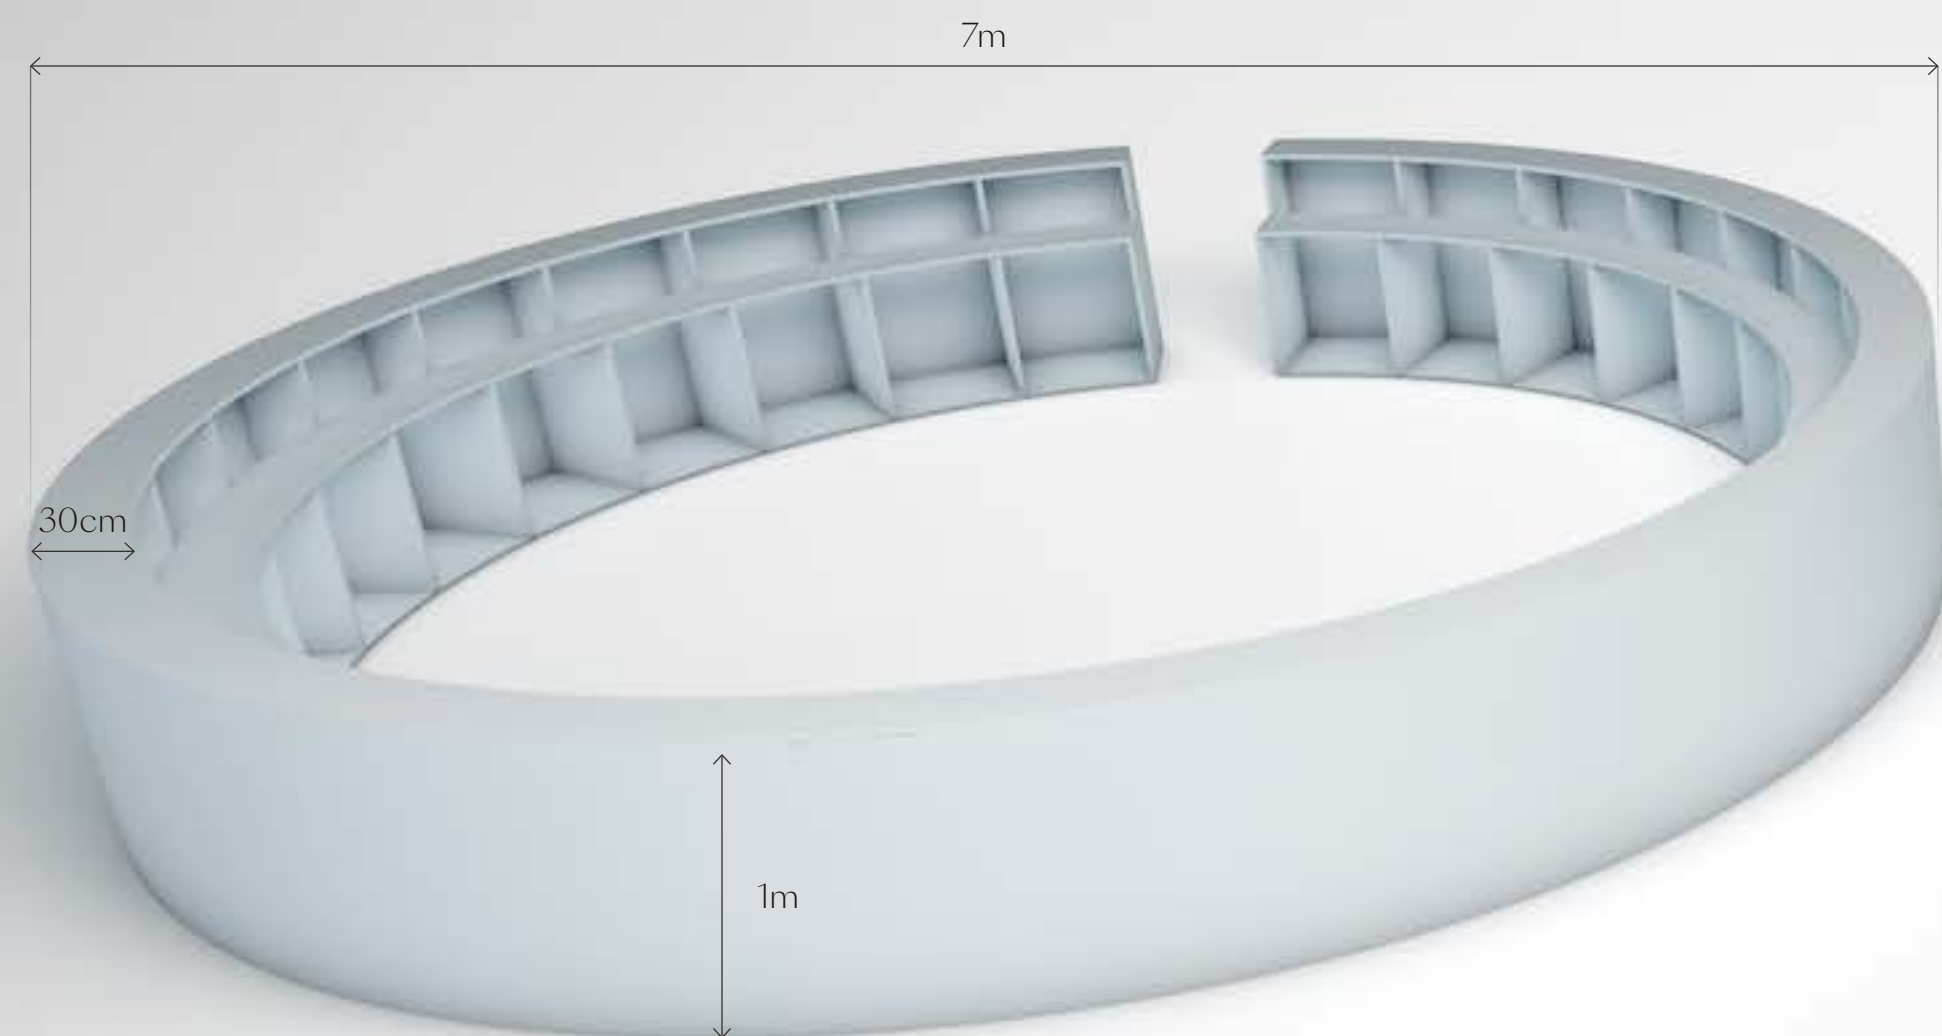

Circular desks offer something a little different to the traditional desk setup. We stock a variety of circular desks that can be used in either full circle or semi-circular style. Each desk has been built to include a counter top and a ledge with space for storage.

Desks can be provided in white or black leatherette for a seamless plain finish or the front fascia can be fully or partially branded.

All prices for scenery and technical are excluding VAT, Transport, and Onsite Labour. Alternative sizes and custom designs are also available on request, please contact your salesperson for further information.

All prices for scenery and technical are excluding VAT, Transport, and Onsite Labour. Alternative sizes and custom designs are also available on request, please contact your salesperson for further information.

Charging Station

The charging station has 16 pigeon holes for charging devices. There are opportunities to customize the charging station with branding which can continue an event theme and add appeal for sponsors. This is the perfect add-on for networking areas and exhibition spaces that will further customize an event space.

Charging for Apple and Android devices.

Print Options

We offer a variety of printed options as part of our in-house large format print and installation service. There is no better way to customize and transform an event space than by adding your brand, your event theme or your event message throughout the space. We can produce full size branded walls with canvas wraps, lightboxes, freestanding boards with metal base plates and step and repeat backdrops.

Our in-house team can offer a full service solution including consultation, design, print and installation.

Digital Options

Take your branding and signage to the next level by going digital and adding some high resolution content. Digital content provides a more dynamic look and feel, it provides greater flexibility with changes and updates and it suits a more sustainable approach.

We have a number of different solutions for digital signage and branding that will enhance the overall experience. Our digital options include slimline LG stretch monitors that come with a small footprint and UHD LED screens on portable stands.

Our expert in-house team can provide a full digital and creative service that includes design, creation and installation.
