

## **WELCOME NOTE**

Dear Friends and Colleagues,

**We are proud to announce that the 13<sup>th</sup> World Congress on Controversies in Neurology (CONy) will take place in Madrid, Spain on April 4-7, 2019.**

It is difficult to keep pace with the enormous growth in clinical and basic data in neurology. Conferences are informative, but there is often only limited time for thorough and critical discussions. CONy provides a platform for international experts to discuss and compare experiences, thus closing the gap between the expansion of knowledge and its dissemination and use.

The core of the CONy Congress focus on unresolved issues debated by leading world experts. The Congress aims to provide the most recent data arming the clinician with reliable, up-to-date scientific information, helping in everyday patient care.

**We cordially invite you to join us in the beautiful city of Madrid!**

Sincerely,

Amos D. Korczyn
